Premium engineered oak flooring

floors4ever.com

Wood flooring is our passion.

Floors4Ever is a B2B importer of premium engineered hardwood. From our office in Lithuania and our distribution centres in Germany, we keep the floors our partners rely on in stock — and supply them within five working days.

Our warehouses hold the collection in stock, so the floor you order is already on a pallet — not on a waiting list. In our 3 warehouses we constantly hold more than 100,000 m² of high-quality flooring in stock.

DELIVERY FROM GERMAN STOCK

“Our flooring is produced with the highest responsibility to the environment and the highest quality, which lets us give up to 15 years of residential warranty.”

CLAUS REUSCHER — FOUNDER & MANAGING DIRECTOR
